

Test Drive App

Screenshots

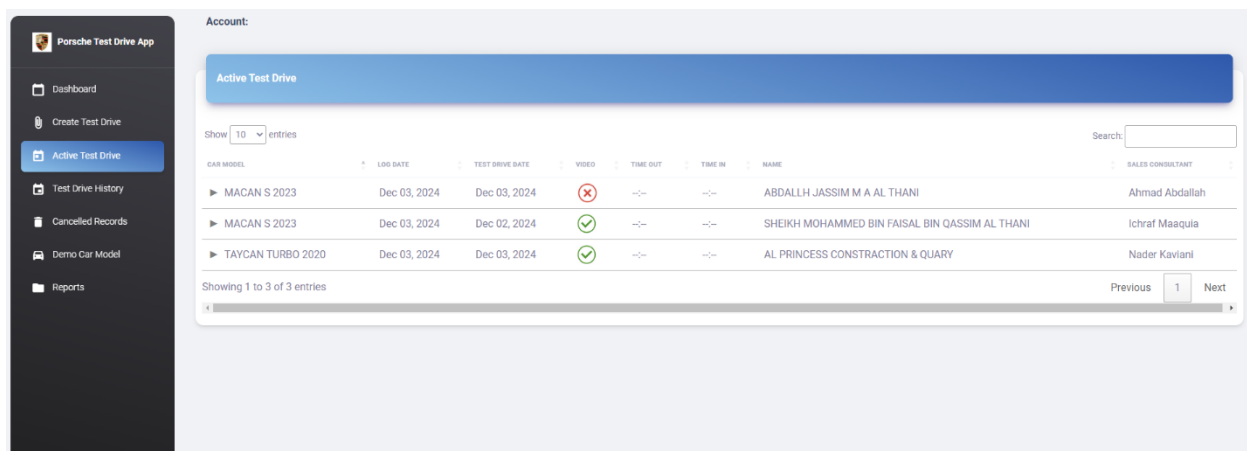

Dashboard:

-Dashboard contain a calendar that list the saved test drive schedule including the name of assign sales consultant and the demo car.

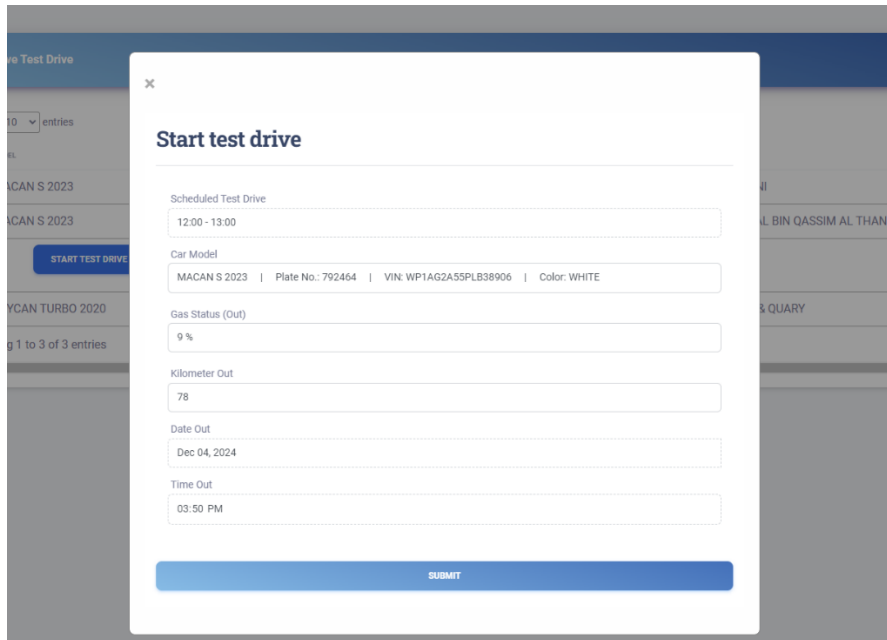

Active Test Drive:

- The list of all active records with statuses including 'Not Yet Started,' 'Ongoing Test Drive,' and 'Completed Test Drive.'

Start Test Drive Option:

- When the user clicks 'Start Test Drive' on a selected transaction under active test drive page, they can log the Gas/Charge status based on the demo car model and mileage.

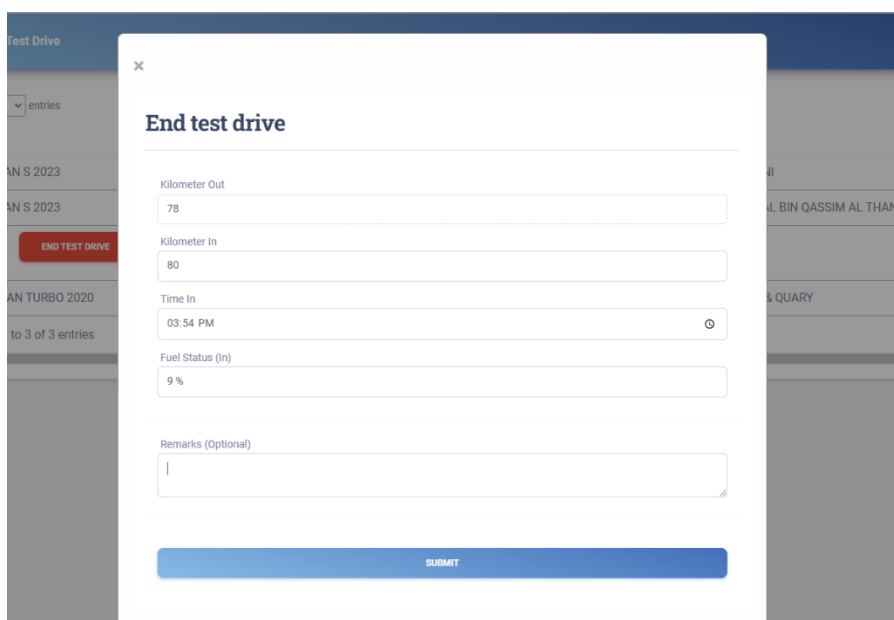

The screenshot shows a modal window titled "Start test drive" with a close button (X) in the top left corner. The form contains the following fields:

- Scheduled Test Drive:** A text input field containing "12:00 - 13:00".
- Car Model:** A text input field containing "MACAN S 2023 | Plate No.: 792454 | VIN: WP1AG2A55PLB38906 | Color: WHITE".
- Gas Status (Out):** A text input field containing "9 %".
- Kilometer Out:** A text input field containing "78".
- Date Out:** A text input field containing "Dec 04, 2024".
- Time Out:** A text input field containing "03:50 PM".

At the bottom of the form is a blue button labeled "SUBMIT".

End Test Dive Option:

- The 'End Test Drive' option is used when the test drive has concluded. The user can enter the new mileage and charge or gas status, with an option to add remarks if necessary.

The screenshot shows a modal window titled "End test drive" with a close button (X) in the top left corner. The form contains the following fields:

- Kilometer Out:** A text input field containing "78".
- Kilometer In:** A text input field containing "80".
- Time In:** A text input field containing "03:54 PM" with a clock icon on the right.
- Fuel Status (In):** A text input field containing "9 %".
- Remarks (Optional):** A text input field with a placeholder character "|".

At the bottom of the form is a blue button labeled "SUBMIT".

Complete Test Drive Option:

- This option allows the user to archive the selected transaction, with the ability to add pictures and videos, as well as annotate dents or scratches on the car image template.
